Patented Honeycomb Drum

The Honeycomb drum creates a thin film of water between the drum wall and the laundry. Textiles are treated more gently. Garments keep their shape and last longer.

Short Program Cycles

Premium commercial technology allows you to benefit from quick and efficient program cycles.

EcoSpeed Patented Wash Process

The EcoSpeed washing process features an optimized drum rhythm and enhanced washing action, allowing intensive cleaning performance with reduced water usage.

Proven Hygiene

Our washing machines in the Benchmark series remove more than 99.9% of all viruses (including coronaviruses).
